

# BE ALL in!

Being "all in" means teacher, students, and parents will be involved, understanding and open to new ideas!

Here is our behavior chart. Every day, students start on green. The goal is to move up to red throughout the day. When the students move down the chart to blue, purple or pink, there are consequences that follow.

blue- 2 min. off recess

purple- 5 min. off recess and complete a reflection for

parents to sign pink- no recess and parent contact. (This is where you can choose how I can contact you about your child's behavior.
